<tr>
<th>Comments:</th>
<th>Score (write score value to be awarded in the spaces provided)</th>
</tr>
</thead>
</table>

### 1. Description of experience  
(Score X 2 = ______)

- Provides an overview of experience in doing projects: describes the learning and growth that has occurred in both the **cognitive** and **affective** domains.
- Describes a significant event or problem encountered clearly and accurately.

### 2. Detailing strategies employed or actions taken  
(Score X 3 = ______)

- Describes strategies used or actions taken in relation to the event or to solve the problem encountered.
- Clearly justifies the strategies employed or actions taken.
- Able to make well-thought decisions on how to proceed further based on outcome of each strategy or action taken.

### 3. Evaluating strategies employed or actions taken  
(Score X 3 = ______)

- Clearly describes the outcome of each strategy used or action taken.
- Describes the effectiveness of each strategy used or action taken: explains why some worked and failed.
- Explains how the strategies or actions taken may be applied to other situations.
- Suggests alternative strategies or actions to those that did not work or suggests how improvements can be made to what was done.

**Total score (max. 15) = ( ______ ÷ 40) X 15 = ____**

**Name of assessor:** ________________________________________
